New NAR for earliest name of body, 1922, may be made even if no publications in the database need this name:

OCLC: RULES = c REF STATUS = a
RLIN: CRC = c RFE = a

110 2 Bowling Green Business University. \$b College of
Commerce

510 2 Western Kentucky University.\$bCollege of Commerce \$w b

[Reference to later name of body]

670 title, date: \$b loc. (data)

667 The College of Commerce of Bowling Green Business University
was organized in 1922. In 1963 it became the College of Commerce of
Western Kentucky State College.

NOTE: If the database has no publications which need the 1922 name of this body, it could be used simply as a 410 on the NAR for the 1966 form of name, and there would be no third NAR in this sequence of records. LCRI 26.3B-C, See also references, c) instructs the cataloger to add a bracketed statement in the source citation for the 1922 name [no publs. In LC database]
